

RECCOMANDATION LETTER WRITTEN BY SERGIO LA STELLA

Roma, 28/10/2015

I know very well the conductor and pianist Gianluca Pagliuso.

He is a very refined musician with a solid preparation, a wide range of repertoire and a serious and passionated approach to the music.

I watched his conducting, his piano accompaniment in television with singers and instrumentalist and his rehearsals with choirs and soloists.

So, I had many possibilities of following his musical career and appreciated his fantasy and stylistic correctness.

I had either the chance of sharing musical experiences with him and remained really impressed by his accomplished culture and profound knowledge of musical details.

When I purposed his name for a concert as pianist or conductor I had always a splendid feedback.  
M° Sergio La Stella (Pianist, coach and conductor – Teatro dell'Opera- Roma )
