

Recommendation Letter

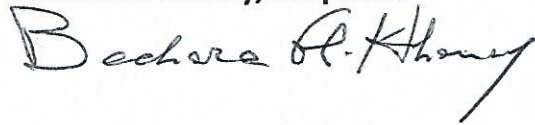

Ladies and gentlemen !

Maestro Gianluca Pagliuso is a very high quality musician and an exceptional conductor!

His direction is clear and inspired! And with a lot of elegance. He knows how to give to the musical work that he conducts a life and a perfect and very homogeneous structure! The musicians are comfortable with him and quickly understand what he asks of them. He is a refined conductor with a broad repertoire of all eras!

I wish him a great success in the world!
